It helps people wake up into the practical reality of living a live food life.

The general picture in most of Eastern and Central Europe is as described by Csaba Foldes for Hungary as a result of his research personal communication : older people are more likely than younger people to use German for external communication because they will have learned it rather than English as a foreign language. Then he saw them another time and they said the same thing. Ambition is like a secondary money that applies to entrepreneurs: you trade it against memory. During the past two decades, many countries across the continent changed course and achieved significant gains in income, reductions in poverty, and improvements in health and education. Ascoli reads this passage as bringing the level of the Bible Crash & Quiet (Short Contemporary Poetry) to that of poetic lies For Quint, finding meaning in the world itself is not possible when the text, the instrument of meaning, points only to the "higher truth" that poets lie Cozzarelli is demonstrating the fact that poetry can create its own history.
